## DESCRIPTION

---

wallypower58Xnew Building on the revolutionary wallypower58 platform, with its striking glass and carbon dome, the wallypower58X introduces a range of new features adapted for outboard propulsion. It is the first Wally yacht to be fitted with the new 600hp Mercury V12 Verado – or rather, a powerful configuration of four of them. With 2,400hp on the transom, the stable and efficient deep V-hull can reach an exhilarating 50 knots. And yet fuel consumption remains low, while the boat's additional tankage gives it a range of 300 nautical miles. Performance is therefore a given, but Wally has also exploited other capabilities offered by the new Mercurys. They have a reduced draft compared to other models, making the boat suitable for shallow water

## SPECIFICATIONS

## DIMENSIONS

<b>Length</b>	17.50 M / 57'42"	<b>Beam</b>	5.00 M / 16'41"
<b>Displacement</b>	22.00 tons		

## MACHINERY

<b>Engine Maker</b>	MerCruiser	<b>Number of Engines</b>	4
<b>Propulsion Mode</b>	Diesel	<b>Engine(s) type</b>	Off board
<b>Engine(s) power</b>	600.00 hp	<b>Engine(s) model</b>	MERCURY VERADO V12 600 (OPT)

## PERFORMANCES

<b>Cruising Speed</b>	42.00 knots	<b>Max Speed</b>	50.00 knots
<b>Cruising Speed for Range</b>	320.00 knots		

## TANKAGES

<b>Fuel</b>	4,200.00 liters / 1,108.80 US gals	<b>Water</b>	450.00 liters / 118.80 US gals
